Mitchell is a patent attorney who assists clients in drafting and prosecuting patent applications, with a focus on electronics, communication systems, and optics.

Mitchell is a member of our large team of patent attorneys, agents, and engineers assisting sophisticated clients with developing and protecting their patent portfolios, across the communications, semiconductor, aerospace, and electronics industries. He also prepares opinions to provide clients with intellectual property strategies.

Prior to joining Holland and Hart, Mitchell worked as a patent attorney at a boutique intellectual property firm.

Only licensed to practice before the USPTO.
