

Chapter 127

Energy

*by George M. Haley & Eric Maxfield**

I. INTRODUCTION

- § 127:1 Scope Note
- § 127:2 Overview

II. STRATEGY AND OTHER PRELIMINARY CONSIDERATIONS

- § 127:3 Assessing the case
- § 127:4 Securing or advancing your client's position
- § 127:5 Planning trial or settlement strategy
- § 127:6 Characteristic problems and solutions
- § 127:7 Issues to raise with clients
- § 127:8 Parameters of energy law
- § 127:9 Natural resources law—Commonly used terms

III. EMERGING ISSUES IN ENERGY LITIGATION

A. LITIGATION OBSTACLES TO ENERGY DEVELOPMENT AND PRODUCTION

- § 127:10 Public nuisance litigation affecting the energy industry
- § 127:11 Overview of the public nuisance doctrine
- § 127:12 Public nuisance liability for air and water pollution
- § 127:13 Defenses to public nuisance lawsuits
- § 127:14 —Preemption/displacement
- § 127:15 —Political question/justiciability
- § 127:16 —Standing
- § 127:17 —Parens patriae standing
- § 127:18 Common law pollution/environmental claims
- § 127:19 —Private nuisance
- § 127:20 —Trespass
- § 127:21 —Negligence
- § 127:22 —Unjust enrichment
- § 127:23 Hydraulic fracturing litigation trends
- § 127:24 Overview of the hydraulic fracturing process

*We would like to thank the other members of my team who helped prepare this section, Mark Burghardt, Ryan Jibson, Ben Machlis, Stephen Sansom, and Tamara Stevenson.

- § 127:25 Regulation of hydraulic fracturing
- § 127:26 —Proposed federal regulation of hydraulic fracturing
- § 127:27 —State regulation
- § 127:28 Areas of potential fracking litigation
- § 127:29 —Groundwater contamination
- § 127:30 —Physical trespass
- § 127:31 —Increased seismic activity

B. NEPA CHALLENGES TO ENERGY DEVELOPMENT ON PUBLIC LANDS

- § 127:32 Overview of NEPA
- § 127:33 Three levels of NEPA analysis
- § 127:34 Requirement of an EIS
- § 127:35 Streamlining the NEPA process—Tiering and programmatic EISS
- § 127:36 NEPA Litigation
- § 127:37 NEPA litigation traps
- § 127:38 —Segmenting to avoid significant environmental impacts
- § 127:39 —Possibility for heightened mitigation obligations
- § 127:40 Practical tips for dealing with NEPA

C. EMERGING LITIGATION ISSUES RELATED TO PUBLIC LAND AGENCY APPROVALS

- § 127:41 Overview
- § 127:42 Overview of the “Wilderness” Debate
- § 127:43 Recent developments—The “Wild Lands” Policy
- § 127:44 The new project level inventory requirement
- § 127:45 Challenges to S.O. 3310
- § 127:46 Endangered species obstacles to energy projects
- § 127:47 The Endangered Species Act
- § 127:48 —Liability for “taking” endangered species
- § 127:49 —Consultation requirement for federal actions
- § 127:50 —Incidental take permits
- § 127:51 —Case study: Beech Ridge Energy, LLC
- § 127:52 —Tips for overcoming ESA related obstacles

D. EMERGING LITIGATION ISSUES REGARDING COAL AND COAL FIRED ELECTRICITY GENERATION

- § 127:53 Coal litigation overview
- § 127:54 Surface mining litigation and regulations
- § 127:55 Fly-ash disposal and re-use litigation and regulation

E. CARBON SEQUESTRATION LITIGATION

- § 127:56 Carbon sequestration overview

F. EMERGING LITIGATION ISSUES IN

ENERGY

RENEWABLE ENERGY PROJECT DEVELOPMENT AND PRODUCTION

- § 127:57 Renewable energy litigation overview
- § 127:58 ESA litigation
- § 127:59 —Cape Wind challenge
- § 127:60 —Sage Grouse listing
- § 127:61 Coastal Zone Management Act litigation challenges
- § 127:62 Coastal Zone Management Act litigation challenges—Cape Wind
- § 127:63 Conflicting use litigation in renewable energy projects
- § 127:64 —Split estates
- § 127:65 —Waiver or agreement
- § 127:66 —The accommodation doctrine
- § 127:67 Federal land litigation surrounding renewable energy projects
- § 127:68 Programmatic EIS
- § 127:69 —Wind PEIS
- § 127:70 —Solar Peis

IV. TYPICAL OIL AND GAS LITIGATION DISPUTES

- § 127:71 Joint operating agreement claims
- § 127:72 —Gas balancing.
- § 127:73 —Preferential right of purchase
- § 127:74 Improper unit operation claims
- § 127:75 Fiduciary duty claims
- § 127:76 Gas purchase agreement claims
- § 127:77 Gas plant processing claims
- § 127:78 Claims to proceeds from contract litigation settlements
- § 127:79 Claims to royalties based on valuation of production
- § 127:80 Postproduction and marketing expense deduction claims
- § 127:81 Post production and marketing expense deduction claims—
Gathering and transportation charges
- § 127:82 —Compressions costs
- § 127:83 —Treating and dehydration costs
- § 127:84 Processing costs
- § 127:85 Claims based upon marketing transactions between
affiliated entities
- § 127:86 Implied covenants
- § 127:87 —Covenant to protect against drainage
- § 127:88 —Covenant to fully develop
- § 127:89 —Covenant to market

V. PRACTICE AIDS

A. CHECKLISTS OF SOURCES OF PROOF OF ESSENTIAL ALLEGATIONS AND DEFENSES

- § 127:90 Overview

- § 127:91 Checklist: joint operating agreement claims
- § 127:92 Checklist: gas purchase agreement claims
- § 127:93 Checklist: claims to proceeds from contract litigation settlements
- § 127:94 Checklist: postproduction and marketing expense deduction claims
- § 127:95 Checklist: common law nuisance claims

B. ILLUSTRATIVE PLEADINGS

- § 127:96 Introduction
- § 127:97 Form: joint operating agreement claims complaint
- § 127:98 Form: gas purchase agreement claims complaint
- § 127:99 Form: claims for proceeds from contract litigation settlements complaint
- § 127:100 Form: postproduction and marketing expense deduction claims complaint
- § 127:101 Form: common law nuisance claims complaint

C. JURY INSTRUCTIONS

- § 127:102 Introduction
- § 127:103 Jury instruction: gross negligence defined
- § 127:104 Jury instruction: prudent operator defined
- § 127:105 Jury instruction: expert witness
- § 127:106 Jury instruction: duties of unit operator as set out in agreement
- § 127:107 Jury instruction: rights of oil and gas operator
- § 127:108 Jury instruction: nuisance-elements of liability
- § 127:109 Jury instruction: liability for expenditures
- § 127:110 Jury instruction: authorization or appropriation for expenditure
- § 127:111 Jury instruction: expenditures approved by working interest owners
- § 127:112 Jury instruction: interpretation of gas purchase contract—
In general
- § 127:113 Jury instruction: measure of damages—Natural gas liquids
- § 127:114 Jury instruction: presumption that unit billings and statements are correct
- § 127:115 Jury instruction: no punitive damages can be awarded on claims that include statutory interest as penalty
