

Duncan Bauserman

Patent Agent

800 W. Main Street, Suite 1750, Boise, ID 83702

DTBauserman@hollandhart.com

Duncan is a patent agent who assists clients in navigating the complex landscape of patent prosecution, portfolio management, and enforcement.

With his mechanical engineering background and experience in electric vehicles, battery systems, wireless communications, 5G/LTE systems, microprocessors, software applications, and emerging AI/machine learning technologies, Duncan brings valuable technical expertise to complex patent matters. He assists clients in developing comprehensive patent strategies that align with their business objectives, from initial applications through portfolio optimization. Duncan's experience spans various industries and client sizes, enabling him to provide tailored counsel on protecting and leveraging intellectual property assets in competitive markets.

PRACTICES

Intellectual Property
Patent Preparation, Prosecution, and
Counseling
